FIGIS-FIRMS Workshop
Establishing Metadata Standards

version 1-0
last updated : 24 July, 2002

Management Summary	

Author	Gauri Salhoke
Version	1-0
Project	FIGIS
Created	27 June 2002
Powerpoint presentation	19 slides – File: FIGIS-2002-12_Metadata Std.ppt

Abstract

This presentation describes metadata and explains the need for creation of Agricultural Metadata Element Set (AgMES) as a proposed common set for describing document like resources. It also provides insight into the benefits that can be achieved from using a common format, such as inter and intra domain interoperability and understanding. It also proposed some guidelines to how the set can be localized and extended.
