

NORWEGIAN MINISTRY OF
FISHERIES AND COASTAL AFFAIRS

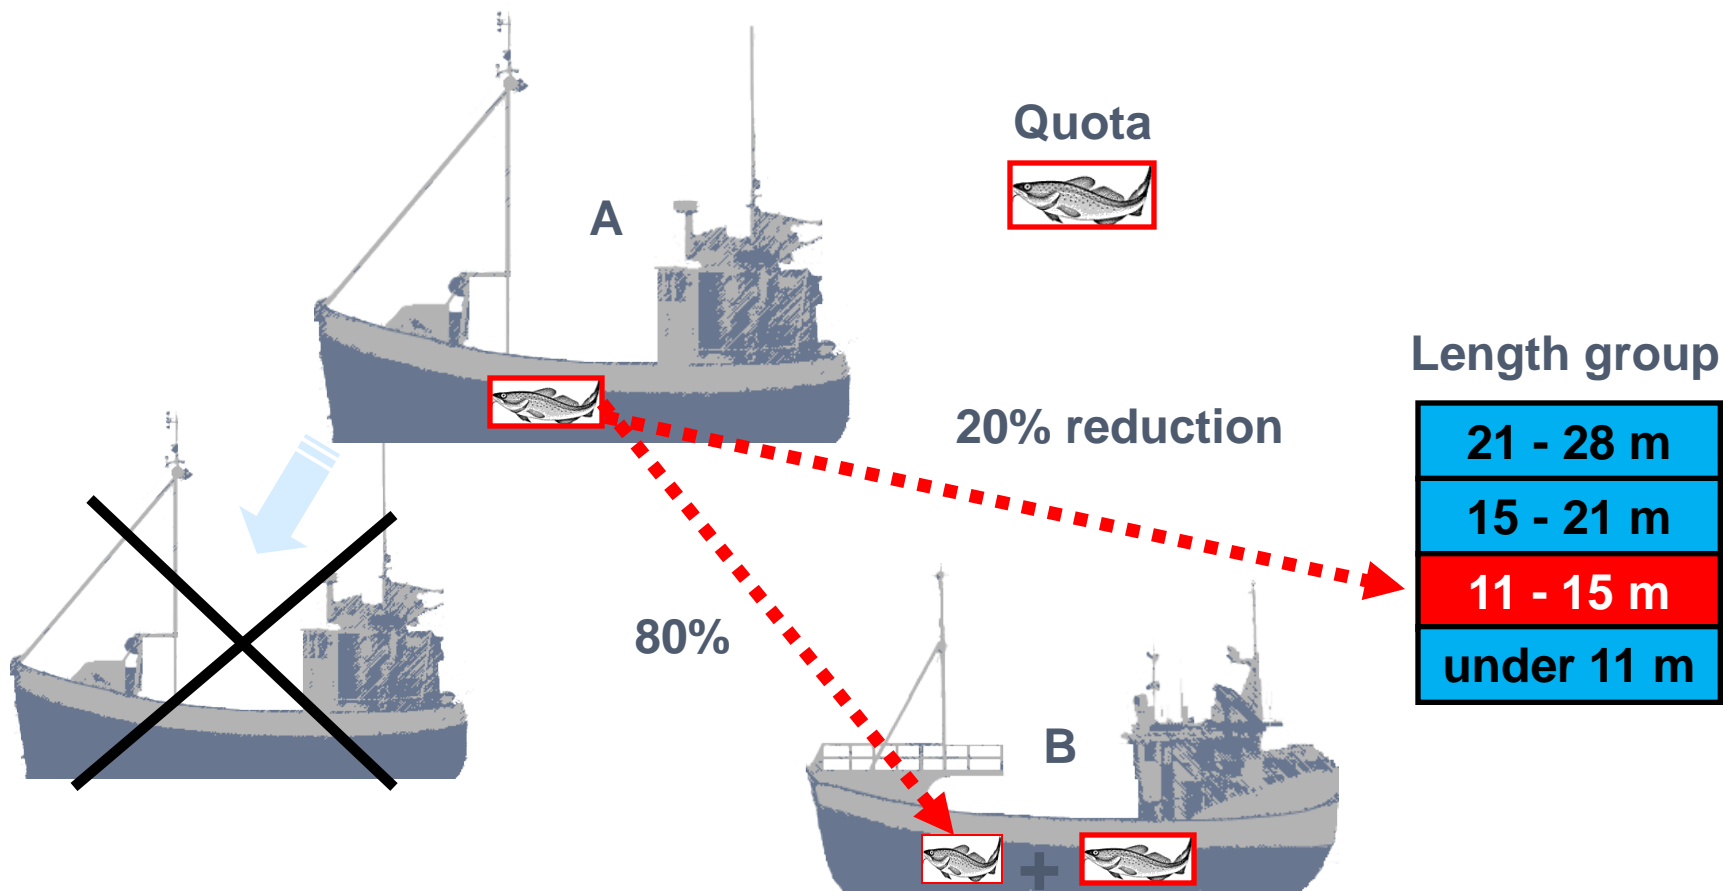

Greenhouse gases Norwegian fisheries and aquaculture

Yngve Torgersen
Deputy Director General
Department of Fisheries and Aquaculture

FAO Workshop – Bergen – Norway - 4 and 5 March 2013

Implemented measures:

- NOx fund
 - Norwegian model
 - Creates incentives to "go greener"
- Structural quota system
 - Fewer vessels
 - A more cost effective fleet
 - Emission reducing effect
- Cooling agents
 - Montreal protocol – international measure

To be implemented:

- CO₂ tax
 - Implemented, but has been refundable
- NTP (national transport plan)
 - More transport at sea
 - Emission reducing
- Carbon footprint of seafood products
 - A work in progress at the Ministry
 - Indirect incentive to reduce emissions
