Evaluating Results

Where We Stand

Coverage & Expected Outputs

What is the Pilot Project?

- Operational system
- Limited information from key partners:
 - Regional coverage
 - Developed and developing Members
 - Information modules coverage
- Extension to further data providers to move to first version of the Global Record

Roles & Responsibilities

Who has a role in the Pilot Project?

- **FAO:**
 - System development
 - Facilitating Partners' participation in Pilot Project
 - Operational stability
 - Sectoral synergy
 - Advocacy

Who has a role in the Pilot Project?

- Pilot Project Partners (States & RFMOs):
 - GRWG & GRCGs
 - Alignment with Global Record requirements (IMO number)
 - Submission of information
 - Testing of Pilot Project
 - Advocacy

Who has a role in the Pilot Project?

- Other States & RFMOs:
 - GRWG & GRCGs
 - Advocacy
- IHS-M:
 - Allocation of IMO numbers
 - Data provision?
- Public:
 - Review of Global Record

Accessibility

Who will access the Pilot Project?

- Option 1 – Public access:
 - Transparency and traceability to fight IUU fishing
 - Few essential fields for flexibility
 - Show demonstrative value
 - Allow Pilot to be tried and tested

Who will access the Pilot Project?

- Option 2 – Pilot Project Partners:
 - Reduce risk to those submitting first
 - Incentive to provide information

Benefits

How will Partners benefit?

- Targeted support to align with Global Record requirements
- Needs and preferences given priority
- Confirm commitment to fight IUU fishing
- Support for internal processes

Evaluating Results

How will we evaluate the Pilot?

- Number of Partners? Regions covered?
- Number of vessels incorporated?
- Coverage of information modules?
- Use of Global Record?
- Increased support/commitment?

Where we stand

How are we progressing?

- System development: prototype → pilot
- Identification of Partners
- Capacity development:
 - Fact-finding and gap analysis
- Delayed but progressing

Thank you!
