

Appendix III - Trade flow by region

Appendice III - Direction du commerce par région

Apéndice III - Dirección del comercio por región

NOTE

This table presents the value of international fishery trade by region of origin of imports and of destination of exports, for selected countries or areas available in the COMTRADE database of the United Nations Statistics Office in January 2002. National data in COMTRADE may differ from those presented in other parts of the Yearbook due to:

– the different statistical treatment of direct landings and transshipments

– the exclusion of re-exports.

NOTE

Ce tableau présente la valeur du commerce international de poissons et produits de la pêche par région de provenance des importations et de destination des exportations, pour un choix de pays ou zones disponibles dans la base de données du Bureau de statistiques de l'ONU (COMTRADE) en janvier 2002. Les données nationales de COMTRADE peuvent être différentes de celles présentées dans d'autres sections de l'Annuaire à cause:

– du différent traitement statistique des débarquements à l'étranger et des transbordements

– de l'exclusion des ré-exportations.

NOTE

Este cuadro presenta el valor del comercio internacional de pescado y productos de la pesca por región de origen de las importaciones y de destinación de las exportaciones, por países o áreas escogidos obtenidos en la base de datos COMTRADE de la Oficina de Estadística de las Naciones Unidas en enero 2002. Los datos nacionales de COMTRADE pueden ser diferentes de los presentados en otras partes del Anuario debido:

– al distinto tratamiento estadístico de los desembarques y transbordos

– a la exclusión de las re-exportaciones.
