Notes on Table

1. Partner's input totals taken from CSA records at <http://www.csa.com/asfa/summary.htm> , updated as of 21 September 2005)
2. Serials Monitored are from FAO records, updated as of 30 August 2005
3. Input totals – your calculations may be sometimes different (higher) than CSA numbers, this could be because your records have not yet been loaded into the main database file.
