Promoting social protection for inclusive forest value chains

INTRODUCTION OF TOPICS

Qiang Ma, Forestry Officer
Expert meeting 5-6 June 2019, FAO HQ, Rome

A strategy to strengthen coherence between forestry and social protection

Issues to be tackled

- Role of forest value chains in poverty reduction
- Enabling vulnerable people to participate in FVCs
 - Role of leading enterprises
 - Role of FPOs
 - Role of social insurance and social assistance
- Empowering informal forest workers in FVCs
 - Access to social insurances – full productive
 - Move to more profitable areas of FVCs
- Responding to policy changes
 - E.g. logging ban to control charcoal production
- Extending and/or diversifying FVCs
- Role of e-commerce for FVC development
- Approaches and measures of integrating SP (social assistance + social insurance) in FVCs
