COMMUNITIES SPEAK ABOUT FORESTS AND LIVELIHOOD

ENABLING MECHANISMS FOR A SUCCESSFUL COMMUNITY
ENTERPRISE INITIATIVE IN FORESTED LANDSCAPES

This side event aims to (1) highlight emerging models and initiatives that have successfully led to value creation and redounding of benefits to community forestry members, forest-based artisans and small scale harvesters and producers; (2) discuss the challenges/struggles they experienced; and (3) present enabling mechanisms and responses to effectively overcome these challenges.
