This is the third edition of the GLOBEFISH Market Profiles produced for this country. It was generated in March 2026.

These profiles are based on nationally reported data or information published by international agencies. As the profile is intended to reflect the most up-to-date information available, reporting years may vary between sections and commodities.

The designations employed and the presentation of material in this information product do not imply the expression of any opinion whatsoever on the part of FAO concerning the legal or constitutional status of any country, territory or sea area, or the delimitation of frontiers or boundaries.

The data herein presented are compiled by FAO staff at the time of its production, "as is" and "as available", and every effort is made to ensure, but not guarantee, their timeliness, accuracy, and completeness. FAO assumes no responsibility for errors and omissions in the data provided. Users are, however, kindly asked to report any errors or deficiencies in this product to FAO GLOBEFISH (globefish@fao.org).

Please note

Re-exports and re-imports are not included.

The term N/A has been used to indicate that information was not found in the indicated sources.

The classification of fish and fish products as either processed or unprocessed is very broad and is intended for indicative purposes only.
