A visitor must also present an onward or return ticket together with proof that the visitor has sufficient funds to support himself or herself while in the United Republic of Tanzania.

Citizens of Commonwealth countries are not required to obtain visas unless they are citizens of the United Kingdom, Canada, Nigeria, or India.

(c) Countries for which a visa is required:

All foreigners from non-Commonwealth countries are required to have a valid visa unless their countries have agreements with the United Republic of Tanzania under which the visa requirement is waived.

There are five types of visa in the United Republic of Tanzania but of importance to note for this particular meeting are two. These are:

(i) Ordinary Visa

An ordinary visa is issued at any Tanzanian mission abroad. It enables the holder to be granted a visitor's pass at any entry point (border, airport, harbour). However, a person coming from a country where there is no Tanzanian mission or where it is reasonably distant shall be issued a visa at the entry point.

(ii) Referred Visa

The referred visa is one that requires special clearance or permission from the Director of Immigration Services in Dar es Salaam or the Principal Immigration Officer in Zanzibar. This type of visa is required for nationals of Lebanon, Pakistan, Bangladesh, Nigeria, Somalia and for Refugees, stateless people and other nationalities as may be specified from time to time by the authorities. People affected by this regulation may make enquiries at the nearest Tanzanian mission abroad.

Please note Delegates and accompanying travellers who, because of their nationality, require visas, should apply for them at the embassies/consulates of the United Republic of Tanzania, in their respective countries of residence. Should any difficulties arise, the Liaison Officer must be informed at least four weeks prior to the Session.
